Corporate Members.

“ Royce Water Technologies is a local Australian owned business and proud corporate member of WIOA for 10 years. Since day one we've admired and embraced WIOA's activities in bringing all the stakeholders of the Australian water and wastewater marketplace together.

Membership with WIOA provides many benefits from newsletters, training, industry events and much more.

We are very proud of our direct involvement with WIOA and encourage other businesses to join the association. ”

About WIOA

The Water Industry Operators Association of Australia (WIOA) is an expanding national Association facilitating the collection, development and exchange of quality information between people undertaking operational roles in the water industry.

The Association has over 4,000 individual, corporate and associate members and produces a number of publications, develops resources and conducts seminars and events focused on “operators” annually.

A WIOA corporate membership includes:

- Twice yearly journal WaterWorks
- Quarterly newsletter “Operator”
- Monthly snippets newsletter “Words”
- Opportunity to provide the industry with ‘people news’ when new employees join your business
- Opportunity to use the WIOA logo
- Opportunity to provide content for the “new products/new technology” section of “Operator”
- A website listing containing contact and product or service details in our corporate members directory
- Automatic membership for one person, (usually the nominated contact person)
- Opportunity for multiple contacts (up to 10) to be provided to WIOA under the one membership, the additional contacts are deemed to be WIOA Associate Members
- Recognition at the Annual Conferences through corporate members sign
- Positions vacant advertisements posted on the WIOA website free of charge
- Free attendance to our free annual Weekend Seminar/AGM
- Free copies of WIOA member handbook to distribute
- Corporate members can also distribute promotional material or product flyers to WIOA members (fee applies)

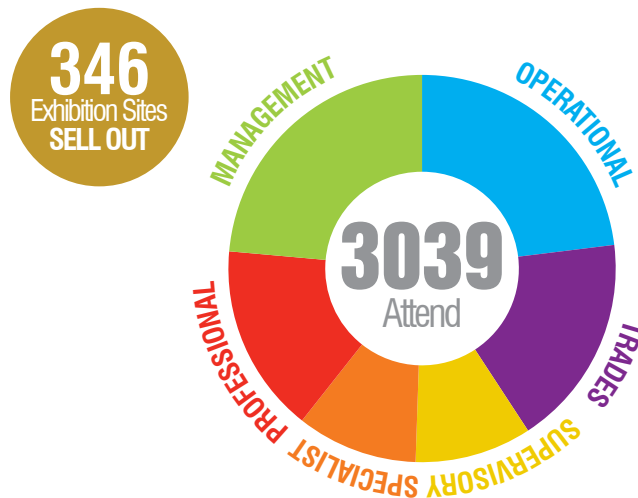

Conference & Exhibitions

WIOA organises and annually stages an operationally focussed conference and exhibition in NSW, Queensland and Victoria. Corporate members receive significant discounts on the cost of sites to exhibit at these events. These major events provide an opportunity for operations personnel and service and equipment suppliers to come together to discuss operational issues and see and hear about advances in technology and process methodologies.

Only WIOA corporate members are provided advance notification of the exact date when exhibition sites at each of our conferences will go on sale. This may help you obtain your most preferred site.

The exhibitions are the largest water exhibitions aimed specifically at the operator held annually.

2017 Conference attendance demographics across 3 events
