

Variety Experience Development Opportunities

Supervisor Wastewater Treatment Full-Time Position

Central Highlands Water has a challenging and exciting opportunity for a **Supervisor Wastewater Treatment** to join the Water & Wastewater Operations Division.

Central Highlands Water (CHW) is a regional water corporation based in Ballarat and is an essential service provider for approximately 120,000 people across the region. CHW is a great place to work, offering a range of personal and professional benefits.

The primary role of this position is to ensure Central Highlands Water's Wastewater Treatment Plants are capable of treating wastewater to industry best practice and EPA compliance is ensured. The Supervisor Wastewater Treatment provides supervision and guidance to wastewater treatment operations staff and support to the Coordinator Wastewater.

This is an excellent opportunity for the appropriate candidate to gain employment with an industry leading organisation.

All applications must address the *Key Selection Criteria* detailed in the position description.

Your application will form an integral part of the selection process and should be of a high quality including:

- A covering letter
- A resume
- A document addressing the Key Selection Criteria detailed in the position description

For a copy of the **Position Description**, including the **Key Selection Criteria**, visit www.chw.net.au/employment or by contacting Julia Coates on 5320 3200.

Applications should be forwarded to: hr@chw.net.au or Human Resource Officer, Central Highlands Water, PO Box 152, Ballarat 3353 and will be received until **5pm, Monday 1st March 2010**.
