

**TEAM LEADER
WATER SUPPLY & WASTE WATER
Ref No. 1007**

Mudgee – A Great Place to Progress Your Water Industry Career!!

Forget the city and the hassle of queues, noise, smog and delays. Driven by the wine, tourism, and retail industries, the region enjoys an economic resilience that truly creates a 'nest in the hills,' and you can be part of it.

Mid-Western Regional Council's area takes in the historical towns of Mudgee, Rylstone, Kandos and Gulgong. A pleasant 3 - 3½ hours drive from Sydney and 1½ hours from Bathurst or Dubbo, you have the best of everything virtually at your doorstep.

Take the challenge and the next step in your water career! Council is seeking to fill this leadership role with a motivated, enthusiastic and experienced water operator. This challenging role incorporates supervisory accountability together with manual and technical duties related to the maintenance and construction of water supply and waste water collection systems.

To be successful you will need to employ all of your technical, interpersonal and customer service skills as the requirements of the role are many and varied. Team leadership, installation, operation and maintenance of water supply and waste water systems, civil construction activities and customer service will keep you fully engaged on a daily basis. Additionally you will need to be available for rostered and 'on call' after hours duties for essential operation and maintenance activities.

To be successful, you will need to meet the following criteria or be willing to undertake further study to meet the formal qualifications criteria:

- TAFE Certificate IV in Water Industry Operations or equivalent
- Certificate IV in Frontline Management or equivalent
- OHS White Card
- Class C Driver's Licence
- Substantial experience in the installation, operation & maintenance of water supply and wastewater systems
- Minimum 2 years experience in a customer service environment
- Experience in the installation, operation and maintenance of irrigation systems and pumps.

Whilst not essential your application would be strengthened by Workcover Plant Operation Certificates (LS, LB, LL, LE, LF, DG, WP), a Confined Spaces Certificate and MR Drivers Licence.

If you're looking for a role full of variety that provides you with the opportunity to really use your initiative and team leadership skills and draws upon your technical and customer service expertise, we would love to hear from you.

A starting weekly salary of \$972.90 (plus allowances and superannuation) is on offer, dependent upon skills and experience. Applications will be accepted until **Friday 16th April 2010** and for information go to www.midwestern.nsw.gov.au or call 02 6378 2850 for a copy of the position description and how to apply.
