

Service Manager VIC

- World leader in water solutions
- Industry of the future
- Great benefits

Veolia Water Solutions & Technologies, a division of Veolia Water and Veolia Environnement, is the world leader in water treatment, with 6,100 employees through 120 business units. We are the leader in engineering, design, project management and execution of construction projects for turnkey facilities and water treatment plants.

Present in Australia for over 70 years, we are the leader of Design and Build water and wastewater treatment plants. Our unique portfolio of differentiating technologies includes drinking water, industrial process water, and wastewater. We provide Design and Build capabilities, Engineer Systems, Equipment Supply, Leasing of Mobile Plants and Services, focusing on reuse and desalination. Our approach for delivering innovative water solutions makes us the partner of choice for municipal and industrial customers.

We are seeking a highly motivated and energetic Service Manager to join our Victorian Service Team. You will be responsible for managing of a team of Service Engineers including setting group objectives, policies and programmes within the context of the overall State's goals and, where appropriate, recommending standards and setting targets. You will also have profit and loss responsibilities in order to achieve short term and long term business/policy objectives that maximise sales and profitability.

The ideal candidate has relevant formal engineering qualifications (e.g. certificate in engineering and/or trade course – electrical, mechanical) and considerable management experience within the water treatment industry or a related industry. Sound technical and commercial knowledge of the water treatment industry and a good understanding of accounting principles as well as the ability to prepare budgets, minimise costs and maximise profits is also required. You must be enthusiastic, able to work autonomously and be able to create and maintain internal and external relationships. Regional and interstate travel is required.

At Veolia Water Solutions & Technologies we aim to recruit, develop and retain employees, and have built a unique culture and working environment based on our corporate values. We encourage every employee to take an active role in their career and learning development and offer competitive, flexible remuneration packages, and an achievable company wide incentive scheme.

The attractive remuneration package for this position includes a fully maintained company vehicle, mobile phone and laptop computer. This is a long term position and will suit someone with a desire for interesting, diverse and stimulating work as well as provide great work life balance.

The successful candidate will be required to undergo a pre-employment medical test.
